Technical Data	
Part No.	Pump Part No.: 3781100 / Suction Fitting Part No.: None / Bypass Valve Kit Part No.: None / Drain Fitting Kit Part No.: None
Motor/Pump PN	3781100
Suction Fitting Part No.	None
Bypass Valve Kit	None
	None
Series	F1
Standard	Pump
Mounting Flange	ISO
Inlet Port	Parker Standard
Main Ports	
Frame Size	F1 - 101
Suction Fittings Angle	NONE
Bypass Valve - BPV	NONE
Bypass Valve Kit	N/A
Displacement	102.9 - [cm ³ /rev]
Rotation	R - Right
Flow	216 - [l/min]
Operating Pressure	400 - [bar]
Shaft Speed	2300 - [rpm]

For performance data, dimensions and deviations from standards, see catalog.

Disclaimer:

Parker PMDE has a continuous policy of product development and although the Company reserves the right to change specifications, it attempts to keep customers informed of any alterations. This publication is for general information only and customers are requested to contact their local Parker dealer for detailed information and advice on a products suitability for specific applications. All products are sold subject to the company's Standard conditions of sale.
